

Association Pizzicando

info@pizzicargalante.com

We created the Association Pizzicando in April 2017 to support the artistic approach of the Pizzicar Galante ensemble, aiming at the discovery, promotion and interpretation of the original repertoire for mandolin and basso continuo from the 18th century.

Our different objectives:

- ♪ Continue to work on historical sources to rediscover a repertoire that is very little known to the public (via concerts, editions, recordings, workshops, etc.)
- ♪ Establish a partnership with different cultural and musical organizations worldwide
- ♪ Collaborate with contemporary artists
- ♪ Increase music education opportunities, promote inclusion and broaden access to classical music

You can support all these actions by joining the Association Pizzicando.
